

How to get involved in A Passion for Life during 2021

Christ Jesus... has destroyed death
and has brought life and immortality
to light through the gospel. 2 Tim 1:10

A Passion for Life is a movement of churches planning a shared expression of mission up and down the UK and Ireland for the month leading up to Easter 2022.

Here are some ways to get involved and prepared during 2021:

March to May 2021

The focus in the first half of 2021 is for local church leaders to:

- Be aware and plan for A Passion for Life 2022
- Review and invest in the culture of mission in our local churches

Things you may want to do as leaders:

- Share this briefing paper with ministry networks, leadership teams and those who are passionate about evangelism in the life of your local church
- Encourage all to register their interest at www.apassionforlife.org.uk to stay informed.
- Set aside a few slots in leaders' meetings, fraternal meetings or gospel partnership meetings to pray big missional prayers to the Lord of the harvest.
- Books dates into the calendar for personal evangelism training (Autumn 2021) and the mission (Month to Easter 2022).
- Join in the APFL webinars to pray together and to learn from other leaders.
- Join the conversation on the APFL Facebook group

Resources that will be available, God willing:

- Podcast series featuring leaders from a range of contexts
- Prayer gatherings
- Mission culture webinars and blog articles

June to July 2021

The focus will shift to:

- raising awareness within the congregation
- detailed planning of training and the mission.

Leaders may want to:

- Plan which areas of personal evangelism you will be training the congregation in and when
- Book speakers for the month of mission
- Use promotional and testimony material to enthuse the church family

Resources that will be available, God willing:

- A launch video to excite the church family about what is happening up and down the UK and Ireland
- A planning sheet with details of personal evangelism sessions to expect
- Mission ideas articles to help church leaders plan their mission
- A list of evangelistic speakers and event ideas

September to December 2021

We're praying momentum will build as congregations across the UK and Ireland are trained and enthused

Leaders may want to:

- Enthuse the church family that people up and down the country are training in evangelism by sharing testimonies
- Train the congregation to "Journey with people towards life in Christ"

Resources that will be available, God willing:

- A "pick and mix" menu of evangelism training sessions to run as sessions with your congregation
- A bank of testimonies from everyday believers to excite
- Evangelistic resources available for order
