

A Passion for Life

Prayer briefing

Our aim:

- Our prayerful desire is to serve, inspire and resource local churches in the UK and Ireland, for all-year-round evangelism, while working towards a united month of mission in the lead-up to Easter 2022.

Approach & timelines (if the Lord wills):

- **Mission culture development** – church leaders helping church leaders review and invest in a culture of mission in their local churches – Feb 2021 onwards
- **Personal evangelism training** – inspiring and faithful ‘plug and play’ resources for leaders to train congregation members to “Journey with our connections towards life in Christ” – produce Feb onwards, release Sep 21
- **Mission resources** – evangelistic speakers and resources, promotional material to help reach out online and in our communities – research March onwards, first information released June 2021

Please pray for: Church leaders

- Please pray for church leaders across the UK and Ireland to be encouraged and strengthened through the Mission culture content stream, and to set realistic and prayerfully ambitious next steps for developing their local church culture.
- Please pray for a spirit of unity, openness and partnership – a true expression of God’s people ‘striving side by side for the faith of the gospel’.

Please pray for: Delivery team

- Give thanks for an engaged steering team representing different contexts around the UK & Ireland. Pray for wisdom as they guide the delivery team to develop really useful resources to help local churches.
- Praise God for the launch of the refreshed website, new podcast series and the opportunity for church leaders to come together at regular mission culture webinars to encourage and learn from each other, and to pray together.
- Pray for the delivery team as we work on producing inspiring and faithful resources.
- Give thanks for a growing number of gifted volunteers and contractors. Pray the Lord would continue to guide us in using their skills in the best way.
- Give thanks for funding coming in. Pray that the Lord would continue to provide the funds needed to develop the resources planned.
